

STORAGE OF UNCOLLECTED ITEMS

Please note, in regards to items that are not collected within the agreed time, we follow guidelines set by our trade association:

Uncollected items will be disposed of after 90 days.

Items may be sold to recover outstanding charges. Where a value in excess of outstanding charges is realised, that sum will be given to charity. Items may be given directly to charity.

Where customers have left phone contact details we shall attempt to confirm new payment and collection times. If you have not left contact details and/or do not return for your uncollected items, your items may be moved elsewhere for longer term storage before disposal.

A doubled charge will then apply.
